

Sponsorship Opportunities

The 10th annual EMBL Australia PhD Course

1-12 December 2025

Adelaide, South Australia

Now in its tenth year, the [EMBL Australia PhD Course](#) brings together more than 60 high-achieving PhD students from diverse research fields across Australia, giving them a head start in their scientific careers.

This unique two-week course features scientific master classes led by Australia's foremost researchers, hands-on learning opportunities and soft skill development - ensuring the next generation of researchers is set up for success.

This year's program is centred on future-ready skills.

In collaboration with the [South Australia Immunogenomics Cancer Institute \(SAiGENCI\)](#), we're bringing AI into focus across the following themes:

EMBL Australia's sponsorship packages are set to cover costs, not make profit.

See the sponsorship offers below or contact us to explore tailored options.
